The following are the names of Vedic characters being proposed. Nine characters have proposed name corrections, noted below. The glyphs for these characters should come from N3383R.

This list derives from N3383R (Summary proposal to encode characters for Vedic in the BMP), N3385 (comparison between N3383R and L2/08-042 from the Government of India), and the UTC decisions as documented in L2/08-110 and L2/08-003. For ease of reference, these decisions by the UTC are also reflected online in the "Pipeline Table" located at: <http://www.unicode.org/alloc/Pipeline.html>. The list below corrects a few errors contained in N3385.
